## Free 900 Call Blocking

You now have the option to ask Panora Cooperative Telephone Association to block all calls to 900 numbers dialed from your home or business phone. After the 900 access blocking begins, you may, at any time, request lifting the blocking from your phone so calls can go through to 900 numbers. Once blocking has been lifted, and you request that 900 access be restricted again, a charge will apply to reinstall call blocking.

The 900 services allow you to reach a variety of long-distance and entertainment sources on a pay-per-call basis. You may prefer to have access to these services blocked. Blocking prevents connections to all 1-900 or 0-900 dialing. The call blocking option is available to all subscribers in Panora Cooperative Telephone Association serving area.

If you would like to have access to 900 numbers blocked, please fill out this form and return it to the business office in Panora. If you do not want 900 access blocked, also sign and return this form. There will be no charge to you for having the 900 calls blocked.

If you have any questions about 900 call blocking, please call our business office in Panora at (641) 755-2424.

### Request for Access Blocking

- YES** - I request that you block access to all 900 phone numbers from my phone service.
- NO** - I request that you DO NOT BLOCK access to all 900 phone numbers from my phone service.
